Name	Gil
User Story	As a frontend developer in Team 21, I want to have an answer generator so that my mini-app can produce a variety of fortune telling responses.
Story Estimate	4 - 8 hours (Medium)
Estimated Task Breakdown	<ul style="list-style-type: none">• Write an 8BallEngine function<ul style="list-style-type: none">◦ Task estimate: 1 - 3 hours◦ Inputs: List of objects; n: number of objects to choose◦ Output: list of n randomly chosen objects from the input list• Figure out + set up how to write a test suite in Javascript<ul style="list-style-type: none">◦ Task estimate: 2 - 3 hours• Write a test suite for the 8BallEngine function<ul style="list-style-type: none">◦ Task estimate: 1 - 2 hours

Name	Francisco Gutierrez
User Story	As an average student, I want to have an answer generator that will answer the three most important things in my life: How do I become successful? How

	can I make money? And will I be happy?
Story Estimate	~10 Hours +/-10%
Estimated Task Breakdown	<ul style="list-style-type: none"> • Have the fortune teller respond to these questions <ul style="list-style-type: none"> ○ Since the format “how” must be limited, ask the user to ask the questions in a better way. ○ Task estimate: 1-1.5 h ○ Answer my questions and in a relatively serious way ○ Task estimate: 3 - 6 hours • Write a test suite for the <ul style="list-style-type: none"> ○ Task estimate: 2 - 3 hours

Name	Jun Linwu
User Story	As a user looking for entertainment and amusement, I want to enjoy the fortune teller app's playful and lighthearted features, offering a fun experience.
Story Estimate	15+ hrs
Estimated Task Breakdown	<ul style="list-style-type: none"> • Location selection & Interactive map; pleasant UI and different theme/music when selecting different locations.

Name	Minh Duong
User Story	As a person who is curious about how fortune tellers work, I want to check out the fortune telling app so that I can have more knowledge of how it works in real life.
Story Estimate	≥ 10 hours

Estimated Task Breakdown	<ul style="list-style-type: none"> • Create a dictionary function: This will help to connect all mini-apps together and reuse as much as we can. (2-3 hours) • Create a function that can hold the input, then generate the output. (2-3 hours) • Music background, match with the front end map so that we can have a pin for user choosing (1-3 hours) • Testing unit to make sure the code runs good. (1-2 hours)
---------------------------------	--

Name	Van Huang
User Story	As a person who is not sure what he is doing is right or not, I want to have some aspects of confidence from the fortune teller
Story Estimate	10 hours
Estimated Task Breakdown	<ul style="list-style-type: none"> • to have ambiguous answers instead of a strictly NO. (1-3 hours) • The answer generation process should be seemingly credible with some sort of animation/processing/loading (5-7 hours)
